PRESIDENT'S MESSAGE

Remember last month when I wrote about our "busy season"? Well, if you think about what has happened at MMSC since then you would have to agree that ours is in full swing! In the past month, we have enjoyed a wonderful day at West Point, held a very successful Open House welcoming or welcoming back many members, opened up all our trips keeping our volunteer trip leaders busy with signups (Mt Snow is already sold out but we are working on obtaining additional rooms-speak to Dave Kimmelman), organized a "standing room only" happy hour at Elements in White Plains (can you believe those prices?) and announced plans for Snow Ball on December 4. Details for these upcoming events and more (bowling anyone?) are included below and I urge you to participate.

We all owe a large debt of gratitude to the hardest working Board a President could hope for who have worked unbelievably hard to organized this calendar then make it all happen. Please remember they are all volunteers who are doing this because they want to, not because they have to. You can help them help the Club by volunteering to plan or run an event. If you are interested, speak to any Board member.

See you on the slopes (soon)

Mark Leeds, President

If anyone has an item they would like to see on the Meeting Agenda, please contact either President Mark Leeds 914-771-8814 mleeds@winprop.com or

VP Karen Steefel 914-723-5949, karenliz52@msn.com at least a day before the meeting.

SKI ACTIVITIES

Attention Members:

Hard to believe the snow is almost here (Both Vail and Crested Butte have been getting snow!!). Mount Snow is already sold-out and other trips are filling. As you may know these trips are arranged in the Spring and Summer and early commitments are made by the Club. What will be happening is that dates will be approaching, where we will have to make firm commitments on space for these trips, especially the weeklong trips. Once space is given back there is no guarantee we can get it back, especially at the same price. This is particularly true for the air space reserved for the weeklong trips. The first critical dates are 90 days out from the trips, which will be coming up quickly the first few days of November and December respectively, at this point the Club must decide how much space to keep to avoid financial penalties. So if you are inclined to go on a trip, don't wait until the last minute to sign-up and be disappointed.

Trips Open
